

Step 1: Check to see if your drug is available in a generic form or available for \$4/30 day supply.

Step 2: If the drug has no generic available ("Trade" or "Name Brand") there are still ways to save...

***For those of you who frequent Sam's Club, look into the Sam's Club Preferred Card (it has pharmacy benefits!)**

***You can search the drug manufacturer's website for a drug savings card. Many times, these cards can be used in conjunction with your Anthem prescription insurance.**
